

Cardiac device management with humanity at its core.

80%

Care achievement for systems switching to Murj— compared to 38 percent industry average

Cardiac device management is too often a tangle of complex systems and administrative burdens. We saw a different way. Murj® was built from the ground up, with a deep understanding of the clinical workflow, to make your day better.

Not just a solution— an answer to the chaos.

RECLAIM YOUR TIME

- + 2-Click Clear™ streamlines workflows and minimizes time in the platform, allowing your team to operate at the top of their license.

GET CONFIDENCE IN BILLING AND COMPLIANCE

- + Our platform ensures every step is accounted for with fully auditable billing capture. We help reduce risk and secure the revenue you've earned.

TURN DATA INTO CLARITY

- + Murj provides a clear, visual snapshot of the entire care journey. We cut through the noise, turning fragmented data into integrated insights that help you make confident clinical decisions.

PARTNER FOR THE LONG HAUL

- + The moment you choose Murj, you gain more than just a solution. We ensure your success through universal compatibility, dedicated IT integration resources, and built-in dashboards for clear, actionable direction.

Our purpose is to elevate yours.

We believe that improving patient outcomes starts with improving the clinical experience. Murj® intelligently automates the complexities of CIED management, empowering your team to be more proactive and dedicate their attention to what matters most: patient outcomes.

We don't offer one-size-fits-all software. Instead, we work with you to understand your unique challenges and provide a real solution. Because our focus is your care.
